C.M.E. Provider
Samnium Medica Soc. Coop.

Honorary President
J. Marescaux

President
F. Corcione

Dear friends,
after decades of experience in "Full Immersion" courses, three years ago, we decided to change the arrangement of these courses, in order to give a more schematic and perhaps more effective teaching value. The course provides a morning session of live surgery and an afternoon session that will delve into the technical aspects of laparoscopic surgery.

The special feature of this weekly course, which is only aimed to the Italian Surgeons, consists of having both the treatment of a particular daily chapter of abdominal pathology and the participation of prominent foreign Special Guests. Their presence and contribution will enrich the discussion, with their unique experience, allowing you to obtain prompt and comprehensive answers to your questions.

Francesco Corcione

Anatomical and surgical support
by Francesco Ruotolo
during Live Sessions

Monday, March 19
Lower GI

Armando G.F. Melani (Rio de Janeiro - Brazil)

Tuesday, March 20
Lecture

Artificial Intelligence and Image-Guided Surgery: Next Steps in Minimally Invasive Surgery

Jacques Marescaux (Strasbourg - France)

Lower GI

Armando G.F. Melani (Rio de Janeiro - Brazil)
Francesco Corcione (Naples - Italy)

Wednesday, March 21
